

# OSIP Platform – Activity Type H – Space-related courses (Company employee training)

Vilnius, 17 September 2025

In this presentation we try to explain the process for type H activities

Proposals for Activity Type H are submitted through OSIP platform ([OSIP – Campaign](#))

- It is a **MUCH simpler process**, and you need to provide **MUCH less information**
- **DO NOT** use the proposal template in ESA STAR for these Activity Types
- These activity Types **DO NOT** count towards your proposal submission limits
  - *E.g. a company can submit two type A and one type H activity*

# Activity Type Description

## Type H – Space related courses

- Industry can apply to get cost reimbursement of participation of their employees in Space-related training courses (*e.g. soldering, inspections, etc.*) if it can be **demonstrated to be part of an industrial capability expansion plan for space.**

### Constraints:

- TRL requirements: **not applicable**
- Expected duration: **N/A**
- Minimum mark for recommendation: **N/A**
- Price not higher than **10,000 EUR** per legal entity per call (limited to the reimbursement of the course enrolment, travel and accommodation costs)
- Prime contractorship **MUST** be led by Industry
- Maximum Budget for Type H activities to be funded in this call: **50,000 EUR**

✓ The Evaluation Criteria and the procedures for submission and selection of Type H ideas are provided in detail for the specific **OSIP** campaign.

# Open Space Innovation Platform (OSIP)

**OSIP is an ESA platform for submission of novel ideas for space technology and applications**

- Ideas can be submitted in response to either a **campaign** or a channel
- Due to their nature, **Lithuania RPA type H activities are implemented via OSIP**
- OSIP contains all information related to **the process, special conditions and evaluation criteria of Type H activities**
- You need to **register in OSIP** to be able to see the active campaign AND you must **register in esa-STAR** (*light registration*) if you intend to submit your idea for activity type H in OSIP

The campaign will be open in OSIP at the same time of the Lithuanian RPA call in esa-STAR, i.e.:

Opening on the **6th October 2025**

Closing on the **17th November 2025**

Following Campaign

*ESA is encouraging Lithuanian industry to improve their competences via the use of relevant Space related training courses for their employees. Such training shall address a clear need from the Lithuanian Space Industry and lead to development of the key space competences in Lithuania.*

### Background

Lithuania became ESA's Associate Member in April 2021. The Requesting Party Activity (RPA) Scheme is integral part of the Association Agreement with ESA and aims at providing support to Lithuanian entities to overcome market entry barriers, develop new capabilities and reach a competitive level for successful participation in multinational ESA programmes.

The present opportunity is a Type H – “Space related courses” activity identified in the Fifth Fixed Call for Proposals under the Requesting Party Activity (RPA) in Lithuania (see ESA CFP/5-50152 in [esa-star Publication](#)). It aims at participation in space related courses that may contribute to the development of the national key industrial space competences and the qualification of a Lithuanian workforce.

### Campaign

**The idea:** This Campaign is dedicated to space-related courses co-funded by the Lithuanian Requesting Party Activity scheme. As such, your proposal (space-related course) must fit in the programmatic objectives of the Scheme described in this Campaign Special Conditions below. The

## OSIP Campaign: Space related courses for Lithuanian Industry - Campaign 2

### The Idea

The subject of this campaign is exclusively for **space related courses that correspond to a clear need from the Lithuanian industry** and **would lead to develop the key space competences in Lithuania.**

The idea must contribute to the **development of the specific space related competences** of the company needed to **increase the capabilities in the space business** of the company.

The Idea should be aligned with the generic programmatic objectives of the Lithuania RPA CfP.

**This Campaign is addressed only to Lithuanian companies (including SMEs).** Potential Tenderers are therefore requested to note that the Agency can only consider submissions from companies residing in Lithuania.

**Prime Contractorship:** This campaign is exclusively for **industry.**

### Price

The total amount awarded to any one company cannot be higher than **10,000 euro** and it will be paid based on reimbursement of actual incurred costs. The reimbursement of the cost is limited to:

- **Course enrolment**
- **Travel and accommodation**
- **Daily allowance**

The salaries of the persons being trained shall NOT be covered by the Agency and shall be instead covered by the company as co-funding of the training.

**Duration of the activity:** The training must be completed within 12 months from the date of the proposal submission.

A maximum of 10,000 Euro can be awarded to one company.

## OSIP Campaign: Space related courses for Lithuanian Industry - Campaign 2

**Criterion 1 - Relevance with the company long term space plans (prospects of usage) and potential impact on the company's space business**

- What will be the long-term impact of the training for the company
- Clear identification of the business need(s), skills required and their relationship with the training programmatic objective(s)
- The space specificity of the course
- Value for money
- Suitability of the trainee CV

**Weighting Factor 70 %**

**Criterion 2 – Compliance with the Purchase Order Conditions**

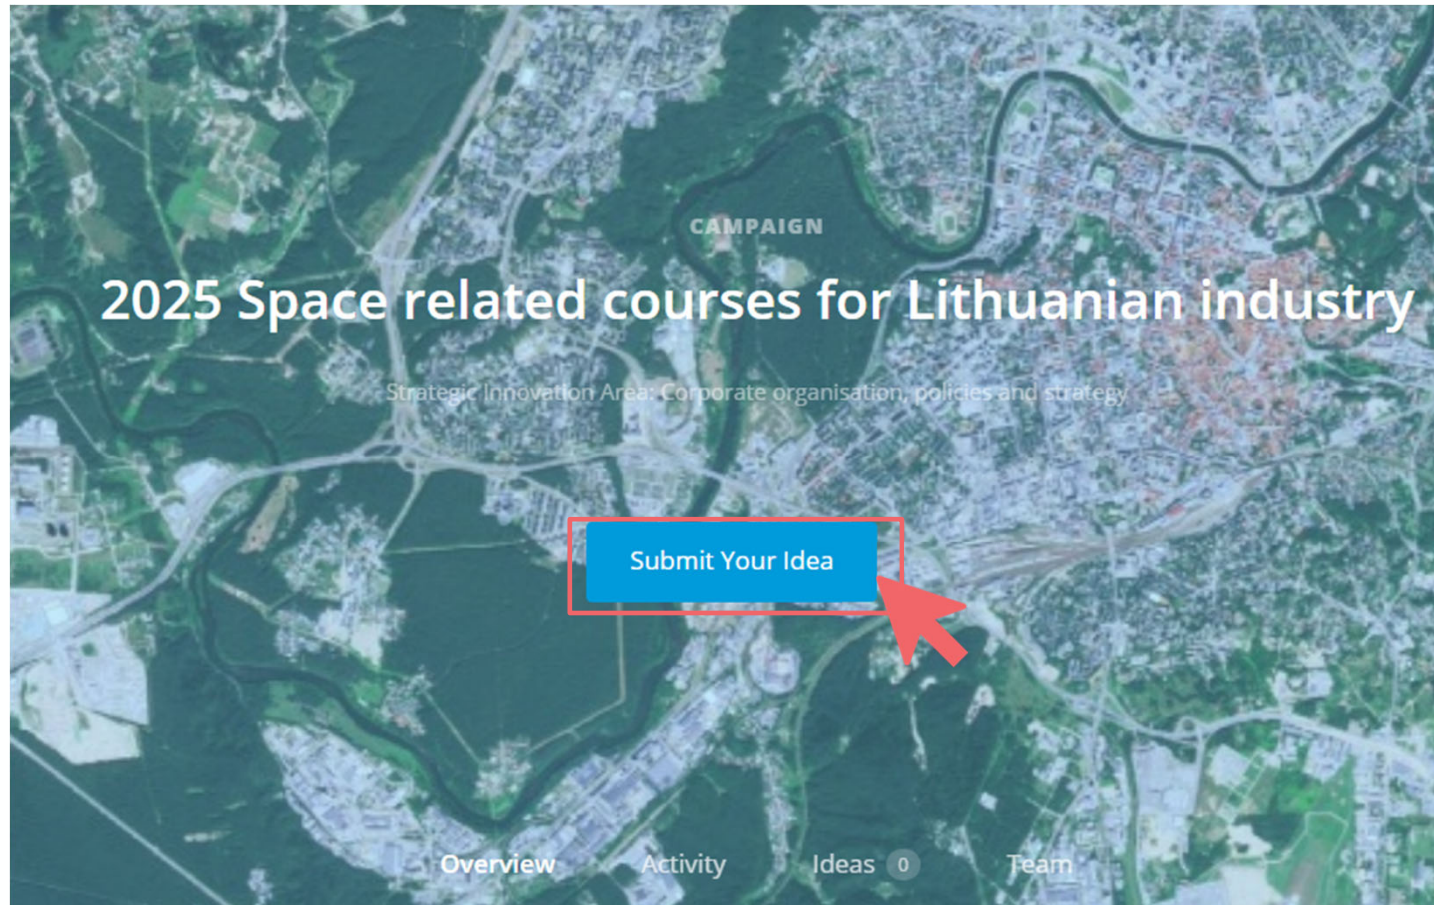

- The proposed course / training shall result in a satisfactory completion certificate.
- The proposal has to include a detailed, fair and reasonable cost break down
- The total price is within the indicated budget and compliant with the price type (Limit of Liability)
- The training shall be completed within 12 months from the date of submission of the proposal

### PRIME CONTRACTOR (INDUSTRY) \*

Full name, Address and Nationality of the Entity submitting the tender.

### ESA ENTITY CODE OF PRIME CONTRACTOR \*

please enter your ESA entity code (formerly also called bidder code) in the form of 10000XXXXX. In case you do not yet have an ESA Bidder code, please apply in esastar (<https://esastar-emr.sso.esa.int>).

This code is necessary to be invited to any follow up activities in case your idea has been selected. For *study* and *early technology development* activities, please note that this information needs to be provided within ten working days after idea selection and that the entity code owner will be the **Prime Contractor** for any follow up activity. Not providing the ESA entity code in time will lead to idea refusal and then archiving. If you submit an idea for a *research co-sponsorship*, you can still provide this during the following phase.

### PRIME CONTRACTOR CONTACT PERSON \*

Name, telephone number and email address of the contact person of the Prime Contractor to whom all communications relating to this proposal should be addressed.

### For the price breakdown we want an estimate of:

- Training course enrollment cost
- Travel costs to and from the training
- Hotel and subsistence costs

Give as much detail and justification as you can. State it if it is an estimate. The cost of the course should be a quote.

**Be clear**, is this for 1 person or multiple, how many, etc. ?

### Note:

- We do not pay salaries / hourly rates
- We will do the final reimbursement against actual expenditure

### PRICE FOR ESA \*

Price for ESA in accordance with the funding conditions (max 10,000 Euros).
